Categories: Filed, EZ Record - Shared

Good morning,
 It was good to speak with you on Friday as well.

I met with Todd yesterday at a VCP site, so we are in communication with each other.

I look forward to meeting you on April 14 at the Bristow Public Library.

Thank you,
 Diane

Hello Diane, it was good to speak with you Friday. I appreciate the assistance in talking with (b) (6). Please find attached some site literature that can be provided to her, and any other person interested in the site. The ATSDR ToxFAQs are information related to the contaminants we know to exist on the site. Also, included is a blank consent for access form. We would need this form signed by (b) (6) if she is interested in having her yard sampled. If you have other questions, do not hesitate to call. Also, if you wish to talk with the ODEQ project manager Todd Downham, I have included him on this email, and his number is 405-702-5136.

Thanks you for your help and I look forward to meeting you, as well as the other trustee, on April 14.

Additional site resource links.
